Dear families

Welcome to this week's edition of Junior News Express.

It's been another interesting week at school. Y5 took part in a Chinese music workshop this week, which was great. Read about it later on in the newsletter. The first two Y3 classes have received their scooter training which the children said was really enjoyable. The rest of Y3 will follow over the coming weeks.

We have been working closely with Luton Borough Council on keeping healthy and walking to school. I am delighted to announce that we have been able to secure funding from Vauxhall to pay for some scooter racks which will be put in during the summer holidays. I am hoping that the pupils who have received the scooter training will then be able to scoot to school in September!

I am sure you all know that the FIFA World Cup has started! Each class and department in the school has been given a team to support. There are flags of the nations all over the school and the children have been finding out all about the different countries. If you come into school you will see the front office area is representing Costa Rica! We will all be following the progress of our teams throughout the competition.

I would like to wish Eid Mubarak to all families who are celebrating. We have told the children that they can wear their Eid clothes to school on Monday and that their teachers will be organising parties in the afternoon. I do hope you all have an enjoyable time with families and friends.

Cool Website

Have you seen Isle of Tune? It's a very clever idea mixing music with geography where you build a town with buildings and structures which become musical instruments. It's a lot easier to see than to explain so be sure to visit isleoftune.com!
