Dear Family

Active Travel to School

We know that more children would like to scoot to school and we want to encourage and support them with skills and knowledge to make their journeys as safe and enjoyable as possible.

Therefore, following on from the scooter training Year 3 received in the infant school and Year 4 received in the summer term, I am writing to advise you that children who have their own scooters may ride them to school, as we now have storage facilities for them.

However, it is essential that children who want to bring them to school have a lock to secure them in the shelter provided. We will have a small amount of locks on sale at the school office priced at £3 in the near future.

The scooters are brought to school at your own risk and will remain the child's responsibility. The school cannot be held responsible for any loss that is incurred.

This is provided by the school as part of our commitment to promote active, healthy travel and also to encourage less car use.

Yours sincerely

Mrs J Adams
Headteacher
