Dear families

What an amazing day we had today for our Children in Need day. We all enjoyed dressing up in our spotty clothes and taking part in various activities such as face painting, a biscuit sale, penalty shootout, and guess the sweets in the jar. I am hoping we can beat last year's amount of £1765.68. I would like to thank Mrs O Neil, the JLT and all the staff who helped to organise this event and make it such a success.

Our Y5 pupils really enjoyed their Dell Farm residential this week. They have told me that their favourite activities were grooming the animals, getting to the top of the climbing wall and enjoying the night walk! Thank you to Mrs Murphy, Mrs Bano and Mr Britten for going with them. The rest of Y5 are gaining valuable experience in our Willow Garden on a weekly basis with Andy, one of the Dell Farm staff. They are going to be making raised beds and planters for growing vegetables as part of the John Muir award.

All pupils have enjoyed taking part in the anti-bullying workshops this week as part of our anti-bullying lessons. Through the different drama activities the pupils have been able to work on strategies of support and it also raised awareness of the different types of bullying. Thank you to Mrs Pryer for organising this.

Mrs Harnett organised some additional training for our sports leaders on Wednesday delivered by Active Luton. Our pupils were able to build on their leadership skills for use in their PE lessons.

Next week we have a representative coming into school from the UK Parliament to work with our JLT and also share in assemblies the important work that goes on. It will be a really interesting afternoon.

Enjoy your weekend.

Mrs Adams

#### Attendance

The class with the highest attendance is:

**Picasso - 98.9%**

#### Author of the Month - Andy Griffiths

- The 78-Storey Treehouse
- The 39 Storey Treehouse
- The 52 Storey Treehouse
- The 13 Storey Treehouse
- The 91 Storey Treehouse

Check them out in the library

#### Cool Website

The internet is home to many sites where you can find out about science and scientists. <http://www.sciencekids.co.nz/> is one such place. On top of finding out amazing science facts and watching exciting videos, there are games and quizzes to play, and a range of experiments for children to test out at home.

#### Upcoming Events:

- 19th November - Cinema trip- Year 3
- 22nd November - JLT workshop with visitor
- 29th November - RAF Museum trip- Year 6
- 30th November - Art Day
- 30th November - Road Safety Panto- JR50

#### FAMILY CENTRE NEWS

Dear Families,

They say time flies when your having fun and with only five weeks until we break up again, that can only mean Pantomime time.

We have organised a trip to the Luton Library Theatre to see the Griffin Players perform **Alice in Wonderland on 19th January at 12:00**. This is one of my all time favourites and great for children of all ages.

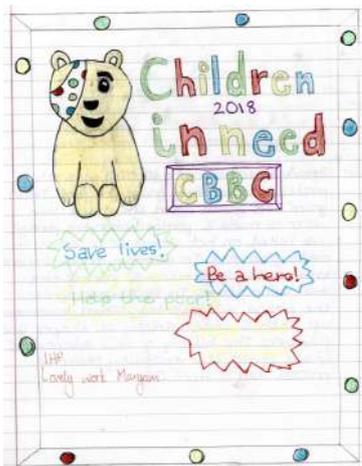

This will be a joint trip with William Austin Infant School. If you would like to book seats please come along on **Monday 26th November at 9:00am to the Junior Family Centre. Tickets £12 per person**

#### THANK YOU TO OUR FAMILIES

- **Diabetic Workshop** — Thanks to the Diabetic Nurse for such a well informed presentation. Parents have commented on how useful it was.
- **Reading Workshop** — Tuesday 20th November 2:00pm—3:15pm a brief presentation then an open discussion sharing ideas on how to encourage your child to enjoy reading, sharing tips as to how parents can get more involved.

Please pop in and see us if you require any support or further information or call **01582 509121**

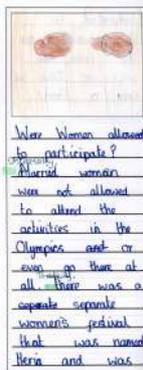

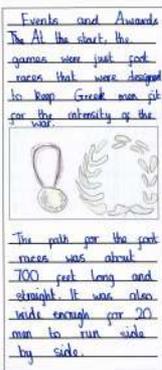

Maryam (Newton)

Rabia (Venus)

Haawa (Van Gogh)

Made by some children in Europe

Dell Farm

My trip to Dell farm was amazing. We went on Monday 12th November. It took approximately 30 minutes to get there. When we got to Dell Farm the staff greeted us and took us to our dormitories so we could put our suitcases away. After that, we put on our wellies and went to Whipsnade Zoo. First we went to see the Chimps, they're so big and cute. Then we saw the Bison, it smelt so bad. I didn't like it. The penguins were amazing, they kept splashing water on me. They were so cute, I loved them. *Sumayah (Jupiter)*

Year 3 Carnival Arts

When I went to the Carnival Arts centre, we did some acting but after lunch we made hats and decorated them with stickers, felt tips and diamonds. My most favourite part was when we stuck lights on it. *Sumayah (North America)*

I liked it when we had the dance off because although she said it was tie, I've never done the splits before the dance. I also liked it when we made hats because we were given lights to put on our hats. I wish we could do it again. *Madeena (North America)*

Science

The children in year 5 have begun the exciting task of rejuvenating the Willow Garden. As a school, we are incredibly lucky to have this land and the aim this year is to bring it back to life and provide a valuable outdoor learning environment. As you can see from the photos the children have started to create raised flower beds which allow them to grow fruit and vegetables throughout the year. Over the course of the year the various year groups will be invited to attend gardening clubs and also to participate in lessons in this delightful area. Thank you for supporting the sponsored walk last term. The JLT members will be discussing various suggestions with their classes on the best way to use the funds for this project. Year 4 were able to use the bug hotels created by year 5 last year to investigate insects and their habitats in their science lessons last week. This year the children are hoping to create and design bee hotels to encourage the pollination of flowers in this environment.

Year 3

Twelve Year 3 children fabulously represented the school at the annual Luton Carnival Arts programme where they met other children and collaborated in hat designing, making and performing. Meanwhile back in school on that day, Mrs Taggart had arranged a drumming workshop which was thoroughly enjoyed by all. In science, the children have set up a hyacinth bulb investigation. This weeks anti bullying workshops involved lots of role play and were an excellent way for the children to explore this important theme. *Mrs Younger and the Year 3 Team*

Year 4

Year 4 had a fantastic visit to the cinema and demonstrated excellent behaviour. During anti bullying week, the children were reminded of the importance of friendships. In Science, the children have been really enthusiastic exploring sound and pitch by making telephones and xylophones with bottles. *Mrs Begum and the Year 4 Team*

Year 5

Most recently, Year 5 have taken part in a residential trip to Dell Farm and thoroughly enjoyed their stay; please do ask the children about their experiences. This week, we have also benefitted from the anti-bullying workshops as part of our 'Anti-bullying Week' and the children now have a greater understanding of what bullying is and how we can stamp it out. Year 5 have started their multiplication unit in Maths and are really beginning to apply their learning please do continue to support the children at home with Times Tables Rockstars and MyMaths. Thank you for all your support. *Mrs Hussain and the Year 5 Team*

Year 6

To help and inspire us with our history lessons, we have had a visit from a theatre group who performed for the children so they could learn more about what life was like during World War 2. The children enjoyed this and it has helped greatly with their understanding. It has also been "Anti-Bullying" week so the children have been involved in workshops, they can use what they have learned to help them with this week's homework. Thank you, *Mrs Nye and the Year Six team.*
