Allocation Total for 2016/2017 £10,989

October- £6414.00 April- £4575.00

Underspend from 2015/2016 £3971.76

Total to Spend £14960.76

<u>Sports Coaches, inset, transport and equipment</u>	<u>Total Expenditure</u>	<u>Positive Impact</u>	<u>Sustainability</u>
<u>Sports Equipment</u>	Davies Sports = <u>796.94</u>	For the first time we have entered the Luton Sports Hall Athletics competition. In doing this, we are entered into many different events. This requires lots of different equipment for the children to practice on. We purchased reversa-boards, speed bounce mats, hurdles and a hi-stepper. This way the children are prepared for the competition and are also trying something new. All children will use this equipment throughout their time at William Austin allowing for greater participation and ensuring we annually enter this competition.	At William Austin we look after our equipment we have good space to store our resources which allows for our lessons to be well equipped and all children to access the learning. We will continue to ensure equipment is regularly serviced and looked after. This will allow for longevity and a purposeful learning environment.
<u>Sports Team Wear</u>	3Q Sports = <u>321.52</u>	We purchased a new football kit for	This is a vital part of feeling a

<p><u>Specialised Coaches:</u></p> <p><u>Luton Town Football Coaching</u></p>	<p><u>1120.00</u></p>	<p>students to wear at football fixtures and tournaments. It is a good way for children to feel included in a team, it creates a positive atmosphere before games and all children feel belong to team William Austin. The kit is worn by both boys and girls. This creates a sense of belonging for all children and a positive team ethos. There is a sense of unity when representing the school.</p> <p>On a Thursday evening we have approx. 100 children attending football club. This creates a positive, inspiring and motivational environment for all our children. They are able to call upon the best experts in the field and use their knowledge to enhance their ability in football. Children are able to build upon their teamwork and communication</p>	<p>sense of team spirit and allowing children to feel involved in the process of teamwork regardless of a win, lose or draw. For every fixture, tournament or match we ensure our children are in correct clothing. This builds team morale. We are able to continue to use the kit purchased for all children in our school.</p> <p>The children's self-esteem and confidence will build over time and remain a strong part of who they are. Children are able to form friendships and relationships with children from other years groups and classes. This is important in creating a William Austin 'family'.</p>
---	------------------------------	---	---

<p><u>Autumn Term</u> <u>Reward Trip:</u> <u>Ice Skating</u> <u>Spring: TBC</u> <u>Summer: TBC</u></p>	<p><u>150.00</u></p>	<p>whilst working with varying abilities.</p> <p>All children are trying something new and for the first time. We are ensuring the children chosen are not always in our clubs and teams. We are going to try and access the pupils who are less likely to be involved in sport outside of school. 2-3 children from each class are chosen. We are taking 15 children per year group over four consecutive weeks. This encourages a sense of achievement for these children and provides them with a new experience.</p>	<p>This trip will continue each year to allow different groups of children to experience ice skating. Each time this trips runs we will ensure different children are chosen. This way we are accessing a greater number.</p>
<p><u>Sports Equipment</u> <u>(Sports Directory):</u> <u>Ultimate Frisbee</u></p>	<p><u>31.00</u></p>	<p>The children will be invited in year groups to attend this club. It will run at lunchtime. This will help pupils with their hand eye co-ordination and agility. Children will also learn a new sport and game.</p>	<p>Pupils will be entered into an Ultimate Frisbee competition held in Luton. Each training session different children will be selected and put into teams. This will help build teamwork and morale amongst the children.</p>
