

## William Austin Wizards

South America	Khadijah	Safa
Asia	Hamza	Hadhiah
Europe	Rizza	Sadiqul
Africa	Aminah	Ayaan
North America	Roza	Sakariye
Van Gogh	Esha	Moiez
Picasso	Amina	Ibrahim
Monet	Aleena	Farheem
Baker	Osman	Amna
Hepworth	Mahamuda	Laraib
Mars	Ajwa	Eisa
Venus	Azaan	Jannah
Neptune	Iqra	Yusuf
Jupiter	Arfah	Ibrahim
Saturn	Kaif	Anisa
Goodall	Haider	Malikah
Curie	Inaaya	Ibrahim
Newton	Esa	Minahal
Hawking	Jannath	Ayaan
Einstein	Sofia	Hussain

### Attendance

The class with the highest attendance is:

Asia - 96.9%

### Upcoming Events

- 18th March - School Linking with Wenlock Junior school - Mars
- 18th March - Science Day- Year 3
- 28th March - Science Day- Year 6

Dear families

The children have been enjoying their science week activities this week - there have been some amazing activities taking place in school! Thank you to Mrs Murphy for organising this.

Our Sports Leaders' had some additional training last week and will be putting their skills to use supporting in lessons and on the playground. Thank you to Mr Osborne and Mr Britten for organising this.

We are all raising money for Sport Relief today - so thank you if your child is wearing their sports clothes. I hope they will enjoy some of the activities we have arranged for them to do at playtimes.

As you know the advice from the Government about the Coronavirus is ever changing. I am receiving daily updates from Public Health England and we are making sure the children are washing their hand more frequently in school and also that surfaces, taps and door handles are getting an additional clean in the middle of the day. The children have been shown how to wash their hands properly and all visitors to school are being asked to wash their hands. We are doing our best to keep everyone safe and healthy. We will, of course keep you fully updated with any news regarding this.

Enjoy your weekend.  
Mrs Adams

### Author of the Month - Anthony Horowitz

- In 2013, Anthony was awarded an OBE for services to literature.
- His Alex Rider series is one of the most popular children's book series ever, and the first Alex Rider book, *Stormbreaker*, became a major Hollywood film.
- He is also the author of the bestselling *The Power of Five* books, which were inspired by a simple thought. "Isn't it more exciting to imagine these great battles with all their magic and mystery happening in the very high street where you live, just out of the corner of your eye?"

### Cool Website

This week was British Science week, and children across the school enjoyed participating in fun science activities. We particularly enjoyed the workshops offered by our visitors from Fab Science.

They also have [a Fab website](#) with many ideas for doing science at home using resources from your kitchen. Be sure to have a look and try some of them out at home.

### FAMILY CENTRE NEWS

Dear Families,

A BIG THANK YOU to all our Parents who attending our Luton Adult Learning Courses. Watch this space for upcoming courses with them in the next few weeks.

#### Dates for your diaries

- **Coffee Morning** - Monday 9:00am—10:00am. All welcome.
- **Pilates, Wednesday 9:15am to 10:15am** excellent way to keep fit and healthy using gentle exercise £3 per session, excellent tutor and great value
- **Sewing, Wednesday 11am—2pm 7 weeks £40** come along meet new ladies and learn a new skill
- **Hair Styling, Thursday 9:15am—11:15am 5weeks £20**, beginners class for those wishing to learn new ways to dress and style hair.
- **Tuesday Stay & Play 9.00am to 10.30am £1** Join us with your little ones for a fun packed session at our lovely centre. Meet new mums and take part in our exciting activities set up for the sessions every week. Toast provided for the little ones and the kettle is always on for a brewing cuppa!

**Friendly Reminder for Parents**—Please wash your hands at the Family Centre as you enter the front door and before you attend any meetings or courses. Many thanks.

Should you or your family need advice, guidance or support please pop in to see us, call 01582 509121  
or email [Familyworker@williamAustin.juniorluton.co.uk](mailto:Familyworker@williamAustin.juniorluton.co.uk)

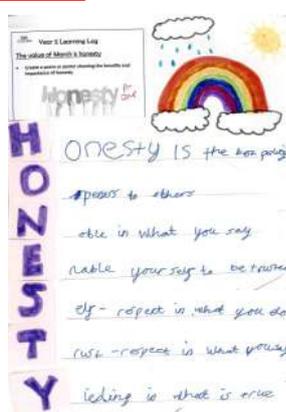

Saif (Africa)

Musab (Baker)

Aryaan (Jupiter)

Dawud (Curie)

**World Book Day**

What a wonderful day to celebrate books. Children excitedly walked through book-themed doors to enter every classroom. Everyone voted on their favourite door, in addition to being dressed up in some amazingly creative costumes. One lucky child, in every class, received a surprise golden ticket & the gift of a book. A variety of reading related activities occurred throughout the day. The door winners were George's Marvelous Medicine - Europe, The House with Chicken Legs - Curie and Peter Rabbit - Medical Room. The costume winners were Skellig - Ibrahim (Curie), Demon Dentist—Alishba (Saturn), Diary of a Wimpy Kid - Umar (Picasso), Spider - Inayah (South America). A special well done to Mariyam (Saturn) for her Elmer the Elephant costume, it took 5 days to make! Mrs Grey (Head of English)

**'It's No Joke!' Year 6 Knife Crime Theatre**

Last week we went to Chiltern Academy to see a performance called 'It's No Joke'. It was about the dangers of carrying a knife and the consequences of using it (a life time prison sentence). I learnt that if you carry a knife for self protection, it could be used against you. Any weapon (or object e.g. a chair), could be classified as a dangerous weapon if you use to cause harm. I would advise children to never hold a knife, it could be put on your criminal record. Subhaan (Goodall)

**Year 6 Whipsnade Zoo Q&A**

On 10th March, Newton & Goodall used Skype to video call workers at Whipsnade Zoo. This spectacular opportunity gave us the chance to ask them different questions about each of the animals, their job and more. For 45 minutes we asked questions and received answers that helped increase our knowledge. This wonderful experience was very enjoyable and we all had an amazing time watching the lions whilst asking questions. Ruhama (Newton)

**Sports Leader Training**

On Wednesday 4th March the Year 6 sports leaders put on a festival for the year 3's in the afternoon. In the morning, Mr Blunt taught us how and what to do. We did things like planning what we're going to do, playing fun games & practicing fun events. In the afternoon we had the children come in and we timed them on athletic sports such as javelin, obstacle race, sprint races and speedbounce. Eisa (Goodall)

**Year 4 Pizza Express**

On Thursday 5th February 2020 we went to Pizza Express to learn how to make pizza. We met a chef who showed us how to flatten the dough into a circle to put on a baking tray. On top of the dough, we spread out tomato sauce and mozzarella cubes. They were cooked in the oven. Everyone had a great time making and eating their pizza. Shahrin (Van Gogh)

**D&T**

Lots of exciting learning has been happening this term in DT. As a school, the teachers try hard to ensure that the children's DT topic is purposeful and engaging. In Year 3, we are currently making photo frames for a family member. They have recently experimented with 3D nets & are looking forward to actually making their photo frames. In Year 4, they have a fantastic cross-curricular link as they are using their circuits knowledge from Science to make their own 3D lamp. Year 5 will be making cookies & will be hosting a cookie sale later in the term. The children are very eager to sample their delicious cookies! Finally, in Year 6 they are exploring more complex circuits & will eventually be making a real-life board game.

**Year 3**

This week Year 3 enjoyed a visit from Thunder and Fudge, the school guinea pigs. As well as having lots of opportunities to cuddle, they helped the children collect ideas for writing a non-chronological report about guinea pigs. The children are now full of ideas & we are looking forward to reading the reports they write. Next week, we will be starting a new unit of writing based on a story in which a granddad shares his special childhood memories with his granddaughter. If you have any special memories of your childhood, please do tell these to the children so they can share them in school. Miss Thingsaker & the Year 3 team

**Year 4**

In Year 4 this week, we have had a particularly exciting time with Science week activities and workshops. The children were really well behaved and enjoyed participating in all activities. Our writing genre is Journey stories and the children have been writing exciting stories based around the story 'The Firework Makers Daughter.' In Maths, children are learning about fractions and are becoming more confident adding and subtracting fractions. Please continue to support your child with their daily reading, daily homework and learning logs. Mrs Chowdhury and the Year 4 team.

**Year 5**

Year 5 have had an awesome science week - we've blown up sandwich bags, participated in a 'potty potions' workshop and even made water walk! You can try some of these things at home so do ask the children about them. In English, we've continued with our historical texts; we've written about some truly gruesome jobs the children had to do during Victorian Britain. On that note, please ensure that the children are keeping up to date with their MyMaths homework! Mrs Hussain and the Year 5 Team

**Year 6**

Our classification topic is progressing nicely, with some children getting the opportunity to classify our school guinea pigs in lessons. Others have enjoyed a Skype video call with a zookeeper at Whipsnade Zoo in preparation for our trip on 2nd April. The knife crime prevention theatre group, whilst being enjoyable and funny, delivered an important message to children about staying safe. Thank you again to all adults and children who attended our SATs information evenings and are supporting their children in preparation for the assessments. Mr Gilligan and the Year 6 team
