22<sup>nd</sup> September 2020

Dear Family

We are writing to you to clarify arrangements if your child is unwell with possible Covid-19 symptoms.

### The symptoms are:

- **A high temperature**
- **A new and continuous cough**
- **A complete loss or change of smell or taste**

If your child or anyone in your household has **any** of these symptoms they should isolate for 10 days. The rest of the household should stay at home and self-isolate for 14 days. You should arrange for the person who has symptoms to get a Covid-19 test.

If you are unable to get a test you and everyone in your household should remain at home until the 14 days are up. Then, if you and all members of your household are well and show no symptoms, your child can return to school.

This advice applies to all members of your household, so please do not send older children to high school, or college.

If during this time your child tests negative and they are feeling well, they can return to school before the 10 days are up. Please notify us of your negative test result via email or phone. If you cannot show us evidence of your negative test result, then please remain at home for the self-isolation period.

Yours sincerely

Mrs J Adams  
Headteacher  
William Austin Junior School

Mrs B Kang
