Dear families

We are all really pleased to hear from the Government that we will be welcoming all children back to school on Monday 8th March. It will be great to have them all back with us. Attendance will be mandatory from that day. Please take time to read the following health and safety points so you and your child are ready to return.

- We will be operating our usual staggered start and end times to maintain social distancing on the playgrounds.
- Adults please wear a face covering if coming on site unless you are exempt.
- Children will need to wear normal school uniform
- Children will need to wear their PE kits on days they have PE
- Children will need a water bottle
- Please make sure your child's dinner money account is topped up
- Children are not required to wear a face covering in school
- Children will be washing their hands frequently throughout the day
- Children will be kept in their class bubbles
- Classroom windows will be open to ensure good ventilation
- Children can bring bags and pencil cases
- If your child shows any of the 3 symptoms of Covid 19 then they should follow NHS guidelines and isolate - please inform school

Please be assured that we are following all the DfE guidance for opening safely and will do our best to reassure your child if they are feeling anxious or worried about anything. Please let us know if we can do anything to help.

Please take care of each other, keep safe and get in touch with us if you need to.

Take care,

Mrs Adams

FAMILY CENTRE NEWS

Dear Families,

We hope you all had a restful half-term and are still keeping safe and following all the **COVID guidelines**.

As you all may have heard we are open from Monday 8th March. The Government are expecting all children to return back to school. Failure to do so will result in a fine being issued.

Top Tips for Preparing your Childs return to School

- Talk to your child about how they are feeling
- Provide your child with as much information about their new routine and school day as you can
- Reassure your child
- Re-establish a routine to help ease your child back into school life
- Don't put pressure on yourself
- Think ahead
- Seek support if you need it

Should you need additional support or have concerns about your child returning to school please do contact and speak with us. Or click on the below or more detailed advice and guidance

Starter - Short Burst Writing

What's on the other side of the door?	A hole leading to an abandoned house
Is it creepy?	Yes, because there is lots of suspense and she doesn't know who is with her
Are there any noises?	No but there are whispers on that she can hear again and again
Describe the different emotions that you're feeling.	Frightened, suspicious
Explain what happens next.	She will go in the hole and then there will be a figure behind her.

SBW

The simple, seemingly unremarkable door, with splintered panels stood slightly ajar ... I hesitantly grabbed the handle and turned it...

Before I could open it there was a whisper behind the other side of the rusty, crooked door. I couldn't tell what it was saying. Now my hands were wet. The voice inside of me kept telling me not to but I put my hand on the slippery, silver handle on the door and turned it... There was no one there. It was a dark and mysterious hole. Further in the hole was the whisper. I closed my eyes and took a deep breath and jumped into the hole. The hole seemed like it never ended. Did it? I was falling for the next few minutes. I finally hit the ground. I was in an abandoned old house but I knew someone or something was with me. The unsteady, wooden table in the middle of the room stood still waiting for someone to come. There was a statue near the table. I looked for a way home but there was no hole no door, nothing. I looked back at the statue; it wasn't there but behind me. Was I dreaming or...

~facts

- ~They lived along the river Nile which meant that they could use the water to grow crops, to get food from and for soil
- ~Pyramids were built for Pharaohs and their families after they had passed away; they believed that treasure needed to be buried with them to help them in the afterlife
- ~When a loved one passed away, they believed in preserving the body which was called mummification
- ~Egyptian men and women wore makeup made of copper and lead
- ~They invented a lot of things we use today such as medicine, musical instruments, paper, pens and toothpaste

Word of the week - loyalty

This week, our children have been exploring what loyalty means. They have been learning about a lovely story of a Japanese Akita named Hachiko, who demonstrated loyalty towards his owner until his dying day.

Loyalty is when people are supportive of a person or organisation (a friend, relative or company) Being loyal doesn't require us to like or believe all the same things. When you're loyal, friends feel they can trust you and that you won't betray them - even if you disagree with them. The key is to separate the person from the action or belief. If you're loyal to another person and trust them, you can talk to one another about your differences and develop a deeper understanding and stronger relationship.

It is good to reflect on your relationships to consider times when others have been loyal to you, to appreciate each other's efforts.

W/b 1st March 2021
Word of the week - friendship

Friendships are extremely important however, it can sometimes be hard to keep your friendships on track. Lots of things can happen in life that make your friendships change.

- Here are some suggestions to help you stay close to your friends:
- make time for one another
 - talk about how you are feeling (if you care about them or are missing them, let them know)
 - be equally supportive of each other (listen to each other, be honest and share your worries)
 - make time to experience fun activities together (try new things together, laugh at yourself and each other)
 - try to accept that your friendships will change (use it as an opportunity to widen your circle of friends, making new friends doesn't mean you have to lose your old friends, but if your old friends are worried, reassure them and keep them involved with your new friends)

Year 3

We have had a fantastic week in Year 3 with everyone working very hard on their home learning. This week we have been thinking about measuring in Maths and have had lots of fun acting out parts of James and the Giant Peach in English. A big thank you to all the family members who took on the challenge of acting. In Reading we have been reading a story called The Magic Scooter and we can see by the children's fantastic answers to the questions that they are really enjoying the story. We have also had the chance to look at some amazing Roman models which the children completed for their holiday homework. *Miss Thingsaker & the Year 3 team*

Year 4

Year 4 have come back after half term and are continuing to work hard on Google Classroom. They have started balanced arguments and are writing about whether or not school uniform should be banned. In Maths, we have been learning about fractions. Teachers have really impressed teachers with their understanding on fractions. We have started learning about chocolate in geography and are looking at Islam in RE. We are looking forward to welcoming our children back to school on 8th March. Stay safe. *Mrs Chowdhury and the Year 4 Team.*

Year 5

Though it's been a challenging time, Year 5 have persevered and continued to produce some excellent work. We've started our historical narrative unit - Street Children and the children have thoroughly engaged with the emotive texts. In Maths, addition and subtraction of fractions is under-way and the children are coping well with the remote learning. We only have a little more to go and hopefully we will be together in our classrooms again - where we belong! As always thank you for your support. *Mrs Hussain and the Year 5 Team.*

Year 6

Year 6 children have continued to work hard on Google Classroom. They completed some stunning adventure narratives before the holidays using direct speech. Year 6 have been impressing their teachers with their excellent algebra skills; we will complete our algebra learning this week. We are embarking on some interesting and engaging new topics including ancient Egypt in history, classification in science and Holy Week in RE. Children worked hard over the half-term holidays, completing some stunning ancient Egypt-themed projects. We are looking forward to welcoming them back to school on 8th March. *Mr Gilligan and the Year 6 Team.*

19th February 2021

Dear Sirs

Barnfield College, New Bedford Road, Luton LU2 7BF

Taylor Wimpey seek to work in conjunction with the local communities in which they operate and endeavour to gain their support in respect of their development operations. As they will shortly commence construction work at the above site, we wish to emphasise that the work will include excavations and other operations of a nature whereby children playing on or around the site could be injured.

Due to the inherent dangers associated with construction sites, warning notices will be placed around the site and security fencing will fully enclose any dangerous activity. Taylor Wimpey do not allow children or anybody else at any time to come onto the site for play or any other purpose not connected with the company's operations.

This letter is written to enlist your support and co-operation in an attempt to prevent the possibility of accidents to children arising out of their unauthorised presence on site. Taylor Wimpey encourage local authorities to alert schools in the vicinity of their developments to the possible dangers and obtain their co-operation in keeping school children away from the site. Where appropriate, we would be pleased to visit the local schools and speak to the children or arrange for a visit to the site.

We expect site occupation from 1st March 2021 for approximately 15 weeks. Any communication regarding the aforementioned should be addressed to the writer in the first instance. If you require any further information, please do not hesitate to contact the writer.

Yours sincerely

Alan Bloomfield

Luton Council is encouraging people who live, work and study in the town, who do not have Covid-19 symptoms to come forward and take a new rapid lateral flow test which can provide results within 45 minutes. Rapid Testing sites are walk-up, no appointment necessary and are open 8am-8pm, staff are kind and welcoming and are expecting families with children - so will do all they can to support through the process of testing. The Council is encouraging families to do this before children return to school on Monday 8th March. Please see attached leaflet.

REGULAR COVID-19 RAPID TESTING

If you **live, work or study in Luton** and have **NO symptoms**,
get a **regular, weekly, free, rapid/lateral flow test**.

Especially if you have to go out for:

- Work, if you can't work from home
- Essential shopping
- Caring/volunteering duties
- Worship

Walk-up – no need to book

Get your results within 45 minutes

Farley Community Centre
