Van Gogh	Daniyal	Zakariya
Picasso	Zayn	Najibath
Monet	Amna	Haider
Baker	Mustafa	Amir
Hepworth	Mehk	Salma
Mars	Zaid	Suhana
Venus	Feeza	Isha
Neptune	Saad	Janat
Jupiter	Laiba	Zain
Saturn	Hiba	Ali
Goodall	Iqra	Sami
Curie	Hasnain	Ibrahim
Newton	Fiza	Asher
Hawking	Ameena	Shameer
Einstein	Iqra	Yusuf

Dear families

Welcome to this edition of our Newsletter.

I hope you all enjoyed Eid if you were celebrating last week.

It was great to see everyone in their favourite shoes yesterday - as part of Walk to School week. I know Mr Britten has had some great entries for the competition. Good luck to all those who have entered and thank you to Mr Britten for organising this.

Mr Osborne has been in contact with JS Sports in Neville Road and they have a black William Austin sweat top available as part of our PE kit. The sweatshirt costs £10.99 and are available to buy now. The tracksuit bottoms are £12 and the polo shirts are £6.99. For £25 you can buy a sweatshirt, polo shirt & tracksuit bottoms. This will ensure that children look smart when it's their PE day. Also available are black track suit bottoms, white polo shirts or white t-shirts.

There's one more week in school, next week, before we break up for half term. Training day is on Monday 7<sup>th</sup> June and the children come back to school on Tuesday 8<sup>th</sup> June.

Have a good weekend.

Mrs Adams

### Attendance

The class with the highest attendance is:

**Mars - 96.2%**

### Upcoming Events:

- 26th May - Orienteering - Whole school
- 31st May - Half Term holiday
- 7th June - Training Day
- 8th June - Children return to school

### Cool Website

[Show Me](#) is an amazing website, inspired and about the amazing world of museums and galleries in the UK. It features a huge collection of games and films developed by museums and stories about the objects they contain. Developed for families, the collection can be filtered by content type and topic, so you are bound to find out something fascinating. Why not have a look and see what you can discover!

### Author of the Month - Andy Griffiths

1. The 13-Storey Treehouse
2. Treasure Fever
3. The Cat on the Mat is Flat

Check them out in the library

## FAMILY CENTRE NEWS

Dear Families,

We hope you and your families had a wonderful time celebrating EID and are all keeping safe and well. We still have lateral flow tests at the Family Centre should you wish to take them, particularly now as things are becoming a bit more relaxed it may be wise to continue to home test.

### Lunch Money - <https://www.scopay.com/login.html>

This is still an issue for some parents resulting in many children this week not having a school dinner. May we remind you, as parents you have a duty of care to ensure your children receive a school lunch and their account is in credit. It is very embarrassing for the child to be taken out of their class line up and not given a school dinner.

### Breakfast Club

Under the new guidance we are now opening up Breakfast Club to Y5 children and currently have limited places. Please call should you require a place for your child.

### Summer Activities

We have planned and are hoping to be able to run activities at the Family Centre starting on Monday 26th July - Friday 30th July. More information will be given after half term. Please keep checking our website and look out for the posters on our windows.

Should you need additional support or have concerns about

**STAY SAFE, WASH HANDS and KEEP YOUR DISTANCE**  
Please call 01582 509121 for support advice or information

# Take a look at this week's **Wow Work!**

Sumaya (Goodall)

Muhammad Ali

Saniyah (Monet)

Zahra (South America)

<p><b>W/b 24<sup>th</sup> May 2021</b>  <b>Word of the week - comparison</b></p> <p>When we <b>compare</b>, we look to see what is the same or different about the two things. We can compare two apples to see which is larger or smaller, which is fresher, which is heavier etc.</p> <p>Comparing objects to select an item that is better suited for a purpose, is acceptable but comparing people (by their skin tone, race, religious beliefs, intellect, strength, ability or disability etc) can be hurtful. It can also lower people's self-esteem, affect their confidence and ruin relationships between people as a result of envy (being jealous).</p> <p>For example, when some is teased or judged because they look or behave differently to another person or when you compare yourself against someone to make yourself feel better or to make them feel worse about themselves.</p> <p>We are all unique and that is something to be celebrated. Watch this video to learn why it is not good to make comparisons with others as everyone has their own strengths and weaknesses: <a href="https://www.youtube.com/watch?v=kR67Qgzf7Q8">https://www.youtube.com/watch?v=kR67Qgzf7Q8</a></p>	<p><b>W/b 7<sup>th</sup> June 2021</b>  <b>Word of the week - unique</b></p> <p>To be a <b>unique</b> person means that you are one of a kind and no other person is exactly like you. This uniqueness partly comes from within, shown through our actions and behaviours as well as through our physical appearances.</p> <p>This video will help you to understand what it means to be unique and just how special that is:  <a href="https://www.youtube.com/watch?v=FqfQDHE2ADM">https://www.youtube.com/watch?v=FqfQDHE2ADM</a></p> <p>Ask yourself the following questions to help you think about being unique:</p> <ul style="list-style-type: none"> <li>• What do you most like about yourself? And, how can this special something be used to be a good friend to your peers (friends)?</li> <li>• What is unique about your friends in your classroom or neighbourhood? And, what do you like most about these differences?</li> <li>• Why is it nice to have friends who are different? What do you think it would be like if all your friends looked and acted just like you?</li> </ul>
--	--

## History— Miss Hussain

This term, the children have been really enjoying the History units they have been studying. Year 3 have been learning all about the History of Luton and making comparisons between the past and present. Year 4 have been engrossed in their Crime and Punishment topic and have especially enjoyed exploring all the torturous punishment devices used throughout Britain's history. In Year 5, the children have learnt about the fascinating reign of the Shang Dynasty in China, exploring their culture and way of life. Finally, in Year 6, children have studied the kingdom of Benin all the way over in West Africa.

### Year 3

What a fantastic week we have had in Year 3 this week. In English we have continued to think about explanation texts and have had lots of fun using our imaginations to create new ways for things to work. Dishwashers with cats inside and boats with legs to keep them afloat are just two of our very imaginative ideas. Our next piece of writing is 'How to Catch a Star' and we are really looking forward to seeing the ideas the children come up with. In Maths, we are coming to the end of our work with fractions, but the children continue to amaze us with their fraction skills. For Art this week we are going to be creating landscapes using collage and we are looking forward to sharing them with you next week.  
 Miss Thingsaker & the Year 3 team

### Year 4

This week in Year 4 we have been looking at division. Children have been challenged and have enjoyed dividing using different resources. In Art, children have planned and sketched their very own mosaic designs and are in the process of creating these using colourful pieces of paper. Over the past few weeks, Year 4 have been reading 'Little Badman and The Radioactive Samosa' as their class reader. This was thoroughly enjoyed by the children and teachers. We are coming up to half term, please continue to read daily with your children and encourage them to complete their learning logs to a high standard. We appreciate your support. Thank you.  
 Mrs Chowdhury and the Year 4 Team

### Year 5

Year 5 have been working extremely hard writing up some fractured fairy tales - Jack and the Beanstalk will never be the same. Please do ask the children to recall some of the subverted tales we have been reading in class. In maths, the children are working with decimal place value and in science we have been learning about reversible and irreversible changes. We've carried out some fab experiments and had a go at making oobleck! Please do continue to listen to the children read daily and ensure their MyMaths homework is being completed. Thank you for your support.  
 Mrs Hussain and the Year 5 Team

### Year 6

In English, the main character from our class book 'Wonder' has asked for some help and children in Year 6 are responding with their best advice. They have thoroughly enjoyed our class reader this half term and created some striking Learning Log work about it. In maths, children are enjoying demonstrating their new skill of calculating with percentages. In addition, they have had the opportunity to learn about rhythm and structure whilst learning to play the djembe drum; they will perform their compositions next week. Thank you for your continued support.  
 Mr Gilligan and the Year 6 team

# THINK BEFORE YOU PARK!

Yellow lines are in place to keep roads **clear to protect our children**. Stopping or parking on them means its harder for them to see when they cross the road.

Respect school neighbours and don't block driveways. Residents need access to their property.

Don't block the pavements or crossing points this forces people to walk in the road.

**PARK SAFELY AWAY FROM THE SCHOOL**  
**WALK, CYCLE OR SCOOT TO SCHOOL WHERE YOU CAN**
