

William Austin Junior School

Capability Procedure for Support Staff

The Headteacher and governing body have a responsibility to help and encourage all staff in the school to achieve and maintain an acceptable standard of performance.

Capability refers to the ability to carry out the duties of the post to the required standard. This standard should be appropriate to the level of the job and the skills and experience reasonably expected in that position. Headteachers will enable access to appropriate guidance, support and training for all staff.

Expectations and standards of performance should be agreed at the earliest opportunity. Where a minor problem in performance first occurs, it should be the normal practice for the line manager to support the staff member in the matter by counselling, advice, guidance, training and example. It is not intended that the capability procedure should replace this normal interchange between the staff member and line manager in the day to day running of a school or department.

The governing body of a school with a delegated budget is responsible for employment matters including dismissal on the grounds of capability but may delegate the responsibility for dismissals to the Head teacher.

An HR Representative from Luton Borough Council has the right (subject to the accordence of advisory rights by VA, Foundation or Academy Schools) to be present at all proceedings where a formal warning or dismissal is a possible outcome.

This formal capability procedure reflects the ACAS Code of Practice on disciplinary and grievance procedures. Capability procedures apply only to support staff about whose performance there are serious concerns. Those concerns, whether they are identified through the appraisal process or via other sources of information, for example parental complaints, will, in the first instance be addressed through the school's appraisal procedure.

Capability due to ill health will be managed under the school's sickness absence procedure.

1. First Formal Capability Meeting

1.1. The meeting will have been arranged following a review under the school's Appraisal Procedure for Support Staff. The meeting will be conducted by the Headteacher or Deputy Headteacher. They may wish to be accompanied by a HR representative. The member of staff may wish to be accompanied by a companion and will have an opportunity to respond to concerns about their performance and to make any relevant representations. This may provide new information or a different context to the information/evidence already collected. The staff member's line manager/appraiser will also attend the meeting.

The chosen companion can be one of the following only:

- A work colleague
- A Trades Union Representative*
- An official employed by a Trades Union
- A 'support worker' may be allowed to accompany an employee with a disability, agreed in advance as a reasonable adjustment under the Equalities Act 2010

*A trades union representative who is not an employed official must have been certified by their trades union as being competent to accompany the employee. It is the employee's responsibility to check with their trades union that their chosen representative has been certified as competent.

1.2 During the meeting, the person conducting the meeting will ask the staff member's appraiser/line manager to:

- detail the serious concerns that the appraisal process has been unable to address.
- identify the professional shortcomings, for example the areas of the job role not being effectively met

1.3 The Headteacher will then;

- give clear guidance on the improved standard of performance needed to ensure that the staff member can be removed from formal capability procedures (*this may include the setting of new objectives focused on the specific weaknesses that need to be addressed, any success criteria that might be appropriate and the evidence that will be used to assess whether or not the necessary improvement has been made*);
- explain any support or training that will be available to help the member of staff improve their performance
- set out the timetable for improvement (a maximum of 4 weeks) and explain how performance will be monitored and reviewed and by whom,
- warn the staff member formally that failure to improve within the set period could lead to dismissal. The first written warning will be confirmed in writing and will remain live for one year.

1.7 Notes will be taken of formal meetings and a copy sent to the member of staff.

1.8 The outcome of the First Formal Capability Meeting will be confirmed in writing to the staff member within 5 working days. A model letter can be found in Appendix 1

1.9 A performance monitoring and review period will follow the First Formal Capability Meeting. Formal monitoring, evaluation, guidance and support will continue during this period. The staff member will be invited to a Second Formal Capability Meeting at the end of the review period.

1.10 The person conducting the First Formal Capability meeting may conclude that there are insufficient grounds for pursuing the capability issue and that it would be more appropriate to continue to address the remaining concerns through the appraisal process. In such cases, the capability procedure will come to an end and the appraisal process will apply once more.

1.11 The person conducting the First Formal Capability meeting may also adjourn the meeting for example if they decide that further investigation is needed, or that more time is needed in which to consider any additional information.

2. Second Formal Capability Meeting

2.1 The date of any Second Formal Capability Meeting will be agreed upon during the First Formal Capability Meetings and confirmed in writing.

2.2 The meeting will be conducted by the Headteacher or Deputy Headteacher. The staff member's line manager/appraiser will attend the meeting.

2.3 During the Second Formal Capability Meeting, the person conducting the meeting will ask the staff member's appraiser/ line manager to provide feedback on the progress made against the objectives set.

2.4 The staff member will have an opportunity to respond and make relevant representations.

- 2.5 If the person conducting the meeting is satisfied that the staff member has made sufficient improvement, the capability procedure will cease and the appraisal process will re-start. However, should poor performance recur during the length of the written warning period the procedure will be restarted at the second stage. If some progress has been made and there is confidence that more is likely, it may be appropriate to extend the monitoring and review by up to a maximum of two weeks. A further Second Formal Capability meeting will then be held at the end of the extended monitoring and review period.
- 2.6 An extension to the monitoring and review period will be confirmed in writing. A model letter is available at appendix 3.
- 2.7 If no, or insufficient improvement has been made during the monitoring and review period the Headteacher will then;
- give clear guidance on the improved standard of performance needed to ensure that the staff member can be removed from formal capability procedures (*this may include the setting of new objectives focused on the specific weaknesses that need to be addressed, any success criteria that might be appropriate and the evidence that will be used to assess whether or not the necessary improvement has been made*);
 - explain any further support that will be available to help the staff member improve their performance;
 - advise that the staff member will have a further 4 week monitoring period prior to attending a Decision Meeting and explain how performance will be monitored and reviewed and who by.
 - Issue a final written warning. The warning will be confirmed in writing and will remain live for eighteen months.
- 2.8 Notes will be taken of formal meetings and a copy sent to the member of staff.
- 2.9 The outcome of the Second Formal Capability Meeting will be confirmed in writing to the member of staff within 5 working days. A model letter is available at appendix 2.
- 2.10 A performance monitoring and review period will follow the Second Formal Capability Meeting. Formal monitoring, evaluation, guidance and support will continue during this period. The staff member will be invited to a Decision Meeting at the end of the review period.

3. Decision Meeting

- 3.1 As with the formal capability meetings, at least 5 working days' notice will be given and the notification will give details of the time and place of the meeting and will advise the member of staff of their right to be accompanied by a companion. Details of who a chosen companion may be are provided in paragraph 1.1 above. A model invite letter is available at Appendix 4.
- 3.2 The Decision Meeting will be conducted by the Head teacher, and will be accompanied, for the purpose of giving advice, by a HR representative from Luton Borough Council.
- 3.3 The Decision Meeting will be informed by the Appraisal Report, the evidence collected by the Appraiser/Line Manager following the First Formal Capability Meeting and the Second Formal Capability Meeting if one took place. This collated written evidence will be shared with the staff member 5 working days prior to the Decision Meeting. The staff member may also submit evidence subject to the requirement to provide that evidence 3 working days in advance of the Decision Meeting.
- 3.4 The procedure to be followed at a Decision Meeting or at an Appeal Meeting is detailed at Appendix 5.

3.5 If an acceptable standard of performance has been achieved during the further monitoring and review period, the capability procedure will end and the appraisal process will re-start. However, should poor performance recur during the length of the final written warning period the procedure will be restarted at the decision meeting stage. If performance remains unsatisfactory, a decision will be made that the staff member should be dismissed.

3.6 The staff member will be informed as soon as possible of the reasons for the dismissal, the date on which the employment contract will end, the appropriate period of notice and their right of appeal.

4. Appeal

4.1 The staff member may appeal against a formal warning or dismissal. To do so, the staff member must write to the Chair of Governors within 5 working days of receipt of the outcome letter, setting out clearly the grounds for appeal.

4.2 Appeals will be heard by at least two governors from the school's appeals committee.

4.3 The same arrangements for notification and right to be accompanied by a companion will apply as with formal capability meetings.

4.4 The procedure to be followed at a Decision Meeting or at an Appeal Meeting is detailed at Appendix 5.

4.5 The staff member will be informed in writing of the outcome of the appeal hearing within 5 working days.
