

Policy for Lettings

1 Rationale

Schools are now responsible for all costs involved in letting the school's premises to other organisations or individuals. There is therefore a requirement for a Lettings Policy to ensure that only appropriate organisations are allowed to hire the premises and that a reasonable return is achieved to make the activity worthwhile to the school.

2 Objectives

William Austin Junior School is an educational establishment, and no activities will be permitted which will disrupt the curriculum of the school and its organisation.

No letting must be in conflict with the aims and ethos of the school.

The Governors are committed to developing close links with the local community; therefore, the use of the school premises by recognised organisations providing recreational and educational activities for children and adults will be encouraged.

3 Principles of the Lettings Policy

- 3.1 All hirers must state the purpose of the hire. This purpose will be checked and any concerns over its nature reported to the Headteacher before approval is given. The Site Agent will submit an incident report if he suspects that the letting has been used for political purposes not previously authorised by the Headteacher. This report will also include information regarding the dissemination of inappropriate material or other purposes which are reportable under the statutory Prevent guidance or which contravene current legislation in any way.
 - 3.2 Any letting or hire should cover the direct costs incurred (e.g. Site Agent's overtime, heating, lighting, water, cleaning etc) as well as an allowance for wear and tear. In addition, an element should be added to reflect the market price for similar lettings in comparable establishments. When setting charges for all lettings, Governors will be guided by the rates published by the LA.
 - 3.3 Each letting must be accompanied by a booking form signed by both parties, a clause of which must indemnify the school for any damage, howsoever caused. (See Appendix 1)
 - 3.4 Full payment is required in advance of the event. This may be waived at the discretion of the Headteacher in the case of a late booking. When the booking is for a single date, a refundable deposit of £100 may be required to cover damage.
 - 3.5 A "No Smoking" policy, and a ban on alcohol and drugs is in operation throughout the school premises and hirers would be expected to respect and enforce these policies.
 - 3.6 It is the responsibility of the hirer to adhere to all requirements contained within Appendix 2. A copy of this information will be provided at the time of booking (See Appendix 2).
 - 3.7 All adults who use the school premises must take all necessary measures to protect people on the premises from hazards as far as is reasonably practicable.
- ### 4 Involvement of the Site Agent
- 4.1 Lettings are categorised as either "A" lettings, where the site agent is required to be in attendance throughout the letting, and "B" lettings where the site agent is only required to open and close the premises.

- 4.2 "A" lettings normally apply to the following types of letting:
- Dances and Socials
 - Concerts and Plays
 - Meetings open to the general public (but not meetings of clubs, local societies and other regular users of the premises)
 - Fairs and bazaars
 - Private parties
 - Where 20 or more classrooms (or equivalent) are in use at any one time.

5 Premises available for letting

- a) School Hall
- b) Designated classrooms
- c) Car Park
- d) School Playing Field
- e) School Sports Hall

6 Record keeping

An accurate record of all lettings taking place in the school must be kept and must be comprehensive enough to enable auditors to satisfy themselves of the accuracy of payments received by the school in respect of all lettings. This information should be available to the Governing Body on request.

7 Non-school use of the site

Users must fill in an official booking form to cover all meetings. This form is to advise users that they are responsible for their own insurance for their property and for claims which might be made by third parties.

8 Responsibility

The responsibility for implementing this policy is vested with the Headteacher. In the case of any uncertainty about the suitability of an event, the Headteacher may refer the matter to the Governing Body who will make the final decision.

9 Safeguarding children

All external groups, using the school for extended school activities, will be monitored to ensure they have an up to date, effective safeguarding / CP policy in place and adults involved in the activities are up to date with procedures to follow if they are concerned about a child.

All lead hirers and supporting adults must provide evidence of DBS clearance when children are in attendance. A register of DBS numbers will be kept in school. Hirers are responsible for obtaining their own Enhanced DBS clearances and providing details to the school.

10 Review

The above policy guidelines should be reviewed annually by the Governors.
