Dear Families

Welcome to this edition of our Newsletter.

### Family Forum

It was lovely to see parents at our Family Forum this week. We chatted about a range of issues and it was great to get really positive feedback. Our next Family Forum will be in the Autumn term.

### Trips and visits

The postponed Y3 Whipsnade trip took place this week with much better weather! Y5 have a Megadome coming to school so the children can learn all about space which is their science topic. Next week it's the turn of the Y4 classes to visit Whipsnade - fingers crossed for warmer weather! We hosted the Zone Sports on Tuesday for schools across the town. It was an exciting athletics event for all pupils involved. Thanks to Mr Osborne and Mr Britten for training our pupils and organising the event.

### Y5 camping

We had a full hall for our Y5 camping parents' meeting which was fantastic. So far 47 children have signed up for this exciting event. We have capacity for 70 pupils, so if you would like to join in, then please use the SCOPAY app to sign up.

### Y4 Multiplication Tables Check

All Y4 pupils have now completed the multiplication tables check. I know they have all tried their best. Thank you to all the Y4 staff who prepared them so well for this. The results are due out towards the end of June.

### Book fair

The book fair is being delivered to our school this week - there will be lots of opportunities for the children to browse and buy their favourite titles over the next two weeks.

### Eid

I would like to wish Eid Mubarak to all families celebrating over the weekend. I hope you have a lovely time with friends and family.

Have a great weekend.

Mrs Adams

### Upcoming Events:

- 19.6.2024- Whipsnade Zoo visit- Hokusai, Hadid and Van Gogh classes
- 20.6.2024- Whipsnade Zoo visit- Hepworth and Baker classes
- 21.6.2024- Group photos
- 24.6.2024- Bradgers Hill walk- Saturn, Jupiter and Venus classes
- 27.6.2024- Bradgers Hill walk - Mars and Neptune classes
- 28.6.2024- Singing Spectacular- Singing Stars
- 1.7.2024- Sports for All Day- Year 6
- 2.7.2024- Sports for All Day- Year 5
- 3.7.2024- Sports for All Day- Year 4
- 4.7.2024- Sports for All Day- Year 3
- 4.7.2024- Local walk- Hokusai, Hepworth and Hadid classes-am
- 4.7.2024- Local walk- Baker and Van Gogh classes-pm
- 5.7.2024- Transition morning- Whole school

### FAMILY CENTRE NEWS

Dear Families,

We hope everyone had a good and safe half term.

Eid Mubarak to all the families that are celebrating Eid-UI-Adha. We hope you have a great time celebrating with your families.

### Family Forum—Monday 10th June at 9:00am

A Big Thank to all the parents who attended the Family Forum. Your views matter a lot to us and it helps for us to work well together for our children. If you missed it this time, please do come along next time.

### Internet Safety for Children

As the use of internet in children is becoming more mobile and interactive, it 's never been more important to make sure that you are helping your child to stay safe in the digital world. You can do this by changing your parental control settings and monitoring what your child is playing and watching. We would like to encourage parents/carers to make sure that they have parental controls on their devices.

Please find link below to Internet Matters.org to find step by step guides and videos on how to put on parental controls for different broadband/mobile network providers.

<https://www.internetmatters.org/parental-controls/broadband-mobile/>

Please call 01582 509121 for more information and check text and emails for upcoming courses this term

# Wow Work!

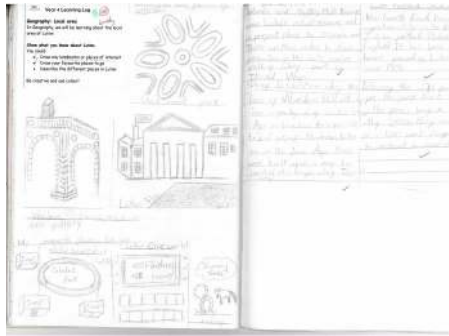

Africa—Zakariyya

Jupiter— Abdur-Rahman

Baker—Khirad

Curie—Ubaid

**Modern Foreign Languages - Mrs Wilson**

The children have been enjoying our new French scheme of work and are becoming increasingly confident with their pronunciation and French phonics knowledge. Y3 have been enjoying learning how to order different flavours of ice cream in French and are now moving on to learning about fruit, where they will express opinions about what they like and dislike. Y4 have been learning how to talk about their pets and will soon be describing their homes, detailing what rooms it has and asking others about what their home is like. Y5 have been learning about different habitats and which animals and plants can be found there. They will soon be learning about the history of the Olympic Games and modern sports represented at the event. Finally, Y6 have been using their deduction skills to decode longer pieces of text on the topic of the 2nd World War and will soon be looking at festivals celebrated in Francophone countries as well as how to become a good global citizen.

## **Year 3**

Year 3 have had an exciting week. After the disappointment of rain cancelling our trip to Whipsnade before half term, this week we had a fantastic day out with the animals. The children were so excited to see real life animals and were fascinated watching them eat, play and sleep. The day finished with an amazing bird display with birds from all over the world. We now have lots of ideas for putting into our persuasive leaflets in English. In Maths, we have finished our work on time and are now thinking about naming and describing different shapes.

*Miss Thingsaker and the Year 3 team*

## **Year 4**

The children in year 4 undertook their multiplication tables check. They worked extremely hard in learning their tables and we are very pleased with their efforts. Well done children! In English lessons, they have used their imagination to write amazing suspense stories. In Geography, the children are learning about their local area and have been great at using google maps to locate points of interest within Luton. Please continue to hear your child read daily as this really helps them. Also, please encourage your child to do daily homework. Thank you for your continued support.

*Mrs Chowdhury and the Year 4 team*

## **Year 5**

Year 5 have returned to school eager to learn; they have immersed themselves in our fractured fairy tales unit and are starting to write from a different perspective. In Maths, we've moved on to decimals and in science we've started our new programme of study about the solar system. This week we welcomed the 'Wonder Dome' and had an 'out of this world' experience! Do ask the children about it. Thank you for your continued support.

*Mrs Hussain and the Year 5 Team*

## **Year 6**

Boys in Year 6 have thoroughly enjoyed their swimming lessons over the past few weeks making excellent progress. Girls will begin their swimming lessons on Tuesday. In science, children have been exploring food groups and healthy diets by looking at nutrition information on packaging. Additionally, they've shown great interest in our new history topic where we've been learning about ancient Islamic civilisations and the caliphates. This week, children transitioning to Icknield have benefitted from a series of special transition assemblies with different teachers from the high school. Thank you for your continued support.

*Mr Gilligan and the Year 6 team.*
